Canada Direct

Canada DirectTM Smart. Simple. Easy.

- 1 If you are calling from a hotel, follow hotel instructions to get an outside line. If calling from a public payphone, coin or local card payment may be required. Service may not be accessible from some hotels, private phones and payphones in certain countries.
- 2 Dial the Canada DirectTM access number (see eligible country list opposite).
- 3 Follow the voice prompts to select your preferred language, your telephone company and preferred payment method. You may use a **Bell Aliant Calling Card** or Family ContactTM card.
- 4 Should you need help at any time, press "0" or say "operator" for a bilingual Canadian operator.
- 5 If you are using a **Bell Aliant Calling Card**, you can place up to 10 calls in a row without hanging up. Simply press "#" after each call ends and follow the prompts.

Using a fax or modem: To send a fax, pick up the receiver and follow steps 1 to 3. For modem access, configure your modem for Calling Card type as per your PC support documentation.

Billing: Bell Aliant bills calls to Canada in Canadian dollars. Rates include surcharge plus per minute rates. For specific rate information, contact us prior to travelling.

Please note: Some hotel phones or pay phones will automatically redirect your call to an alternate provider who will ask for your credit card number. Canada Direct works with your **Bell Aliant Calling Card** so, in such a situation, simply try a different phone such as your hotel room phone or a pay phone (consistent with country restrictions).
