2 simple steps to use Global toll-free number:

1. Dial the International access code of the country you are calling from.
Example: a call from United Kingdom would be dialled as 00 800-1234-4567.
2. Always contact the long distance operator of the country you are dialling from to ensure you are using the correct International access code to dial to North America.

Note: This service cannot be accessed from North America. Service may not be available in all parts of the participating countries and may not be accessible with mobile phone, calling card, payphone and from hotel room.
